Ms. Hatch is Ready for Fun Run!

Green Year-Round's own Ms. Hatch got ready for Fun Run by participating in The Magnificent Mile race recently.

Are you ready for Fun Run? It's coming up soon! Don't forget, mark your calendars to run on November 13, 2009!

Great Leaps

It's that time again! Please consider being a volunteer for this program. It runs from 7:15 - 7:45.

For new volunteers and those that have never had any experience with the Great Leaps program, here are the basics. Great Leaps is a volunteer-based program that combines at least one staff representative along with community volunteers in the library each morning to work with 3rd-5th grade students who are struggling on basic academic skills. Last year we focused on math fluency. **This year, Great Leaps will focus on READING FLUENCY.**

We have a track record here at Green with Great Leaps. Students tend to show standard or above growth on the EOG tests when participating in the program. In addition, participation allows each student to start the day in an individualized setting with a caring adult who is interested in helping him or her succeed. **But we need your help as a volunteer! Please consider this need as a priority for our struggling students and sign up to help out.** For more information, call Catherine Cooper @ 881-1442.
